Literacy Tip: Students are learning pre-reading skills this month including the job of the author and illustrator. Parents can reinforce these skills by reading nightly and talking about the author and illustrator of books with children.

Math Tip: Children will be learning about patterns this month. Give your child simple patterns to work on at home to see if they can tell you the next object in a pattern (pumpkin, ghost, pumpkin, ghost- what comes next?)

Home-School Connection: Be sure to check the calendar for our monthly themes. This month is full of pumpkins, bats, spiders, and Halloween!
